Each	10	100

SUN GLOW. (Plant Patent No. 209). The color is striking—quite different from any other rose; very bright orange-scarlet, with lemon-chrome at the base of the petals. The bud is very long and pointed and perfectly formed. (No short flat buds). In size and petalage it surpasses any other of the Talisman family. The petals are of heavy texture and never fall during the life of the flower. **Foliage**—Large, dark green, and more disease-resistant than Talisman. **Habit**—Strong vigorous, upright grower, producing longer and heavier stems than any of the Talisman type. **Production**—Equal to Talisman with practically 100 per cent perfect flower. SUN GLOW is a Talisman sport but has taken none of the habits of Talisman except freedom of bloom. Retail price \$1.00 each; \$10.00 per dozen60 .55 .50

REVELATION. (Patent Pending). A sport of Briarcliff. Bright rose pink, inside of petal deep rose with yellow base, longer bud and more petals than Briarcliff or Better Times, exceptionally good keeper, heavy broad foliage and long heavy stems. Retail price \$1.00 each; \$10.00 per dozen60 .55 .50

WHOLESALE PRICES

1 to 10 plants of a variety at the each rate.

10 to 20 plants of a variety at the 10 rate.

20 to 250 plants of a variety at the 100 rate.

These Patented Roses are being offered under license from the Patent owner. The above is taken from their descriptions. They shall not be sold at retail for less than the above quoted prices. Not less than five or multiples of five plants of each variety at these figures. Prices subject to change without notice.

Our 1939 rose crop is outstanding for its vigorous and uniform growth. A strong and fibrous root system insures, for the nurseryman, earlier and more abundant blooms in the Spring.

Particular attention has been given to low budding to prevent excessive suckering.

Care will be taken to see that each and every plant is true to name. The plants will be sorted under close supervision to assure the nurseryman of only the highest standards and uniform graded stock.

Not less than 10 or multiples of 10 at prices quoted. Prices on all varieties in capitals are net and are not included in any all-inclusive quotations.
